Premier Full Commercial Strength Equipment for those looking for the very best in state of the art design, safety and function

**IMPACT FITNESS EQUIPMENT's TRIUMPH SERIES** strength line is precision engineered to offer the utmost in high end design and function for premier gyms and fitness centers. Features such as large 2 x 4 11 gauge oval steel tubing frames, clear and concise instructional placards, converging and diverging axis planes, fully enclosed weight stack shrouds with 16 gauge steel rear panels, flanged steel end caps on handles to prevent the user's hands from slipping during the exercise and more make the Triumph Series the #1 choice for exercisers and owners alike. Featuring the highest quality materials and component parts, the elegant look of the **IMPACT FITNESS Triumph Series** turns any gym into a beautiful showroom of biomechanically sound strength equipment.

This Start Up Gym Package Consists of the following new commercial equipment

- 8 Impact Fitness Premier Cardio TH6000AC Treadmills with 15" LCD TVs
- 6 Impact Fitness Premier Cardio TH9950D Elliptical Crosstrainers
- 3 Impact Fitness Premier Cardio TH9550U Upright Bikes
- 3 Impact Fitness Premier Cardio TH9550R Recumbent Bikes
- 1 Impact Fitness Triumph Series TH9947 Counter Balanced Smith Machine
- 1 Impact Fitness Triumph Series TH9953 Adjustable Bench
- 1 Impact Fitness Triumph Series TH9928 Assisted Chin / Dip
- 1 Impact Fitness Triumph Series TH9972 45° Hyperextension
- 1 Impact Fitness Triumph Series TH9929 Rotary Torso
- 1 Impact Fitness Triumph Series TH9924 Seated Row with Chest Pad
- 1 Impact Fitness Triumph Series TH9920 Lat Pulldown
- 1 Impact Fitness Triumph Series TH9925 Low Row
- 1 Impact Fitness Triumph Series TH9911 Bicep Curl
- 1 Impact Fitness Triumph Series TH9930 Tricep Extension
- 1 Impact Fitness Triumph Series TH9913 Shoulder Press
- 1 Impact Fitness Triumph Series TH9910G Pec Deck / Rear Delt
- 1 Impact Fitness Triumph Series TH9923 Chest Press
- 1 Impact Fitness Triumph Series TH9919 Leg Press
- 1 Impact Fitness Triumph Series TH9917 Leg Extension
- 1 Impact Fitness Triumph Series TH9921 Seated Leg Curl
- 1 Impact Fitness Triumph Series TH9903 Five Stack Jungle Gym
- 1 Impact Fitness Triumph Series TH9940 Flat Bench
- 1 Impact Fitness Triumph Series TH9934 Single Adjustable Cable Column
- 1 Impact Fitness Triumph Series TH9926 Multi-Hip
- 1 Impact Fitness Triumph Series TH9927 Inner / Outer Thigh
- 1 Impact Fitness Triumph Series TH9942 Olympic Flat Bench
- 1 Impact Fitness Triumph Series TH9943 Olympic Incline Bench
- 1 Impact Fitness Triumph Series TH9944 Olympic Decline Bench
- 1 Impact Fitness Triumph Series TH9945 Seated Calf
- 1 Impact Fitness Triumph Series TH9941 Seated Arm Curl
- 1 Troy Barbell TSD-U Urethane Encased Dumbbell Set 5 – 150 lbs (5 lb increments)
- 4 Troy Barbell DR-10 Dumbbell Racks

IMPACT FITNESS Triumph Series Features:

- Precision welded Full Commercial 2 x 4 11 gauge (120 wall) high tensile Oval Steel tubing frames provides the elegant look and durability for the modern fitness center
- Converging and Diverging axis correctly align the user's joints for a natural, comfortable feel throughout the exercise range of motion
- Easy-to-Understand detailed instruction placards minimize staff supervision and help members "get it right" the first time
- Variable resistance Cams and Counterweights ensure a proper strength training curve for safer, more comfortable workouts
- Front Weight Stack Enclosure made of heavy duty integrated PMMA panel provides the optimum in tensile and flexural strength while adding to the high end aesthetics of the machines
- Rear Weight Stack Enclosure made of 16 gauge steel with durable powder coated finish provides extra privacy for users and added structural integrity
- Stylish Neutral Marine Blue Upholstery on Matte Finish Silver Frames brightens your facility for a welcoming workout experience
- Single function, Dual function, Free Weight and Plate Loaded Equipment
- Color touch points for safety and ease of use for even novice members
- Laser cut high resistant wear surfaces on Olympic benches bar holders to protect frame finish
- Smooth Pneumatic EZ pop pin adjustments
- 32 oz. Heavy Marine Grade Upholstery for long lasting wear even in heavy use gyms
- Wide range of adjustments to accommodate various users
- Top Stitched Upholstery maintains proper shape over time
- Fiberglass reinforced nylon pulleys are precision matched to specific cable diameter
- Linear bearings where applicable for smooth, quiet operation
- Range of Motion (ROM) adjustments where applicable on select machines
- Angled Foot plates and hand grips where needed to reduce joint stress
- Vinyl covered rollers with end caps prevent possible injury from passers by
- Floor protecting rubber feet
- Integrated Nickel Chrome Plated Weight Storage Posts on Olympic Benches and more
- Magnetic tip weight stack pins keep the pin in place during the exercise motion
- Non-Slip Rubber Oversized Hand Grips for comfort and safety
- Superior comfort and conditioning results
- Pre-Stretch start position on select machines maximizes muscle range of motion

## **Impact Fitness Equipment TH6000ACM Full Commercial Treadmill with TV Screen**

Made to take a pounding in even the toughest gym settings, the Impact Fitness Equipment TH6000ACM Full Commercial Treadmill offers high end stylish design, hardcore performance, and an LCD TV screen

### **Product Specifications:**

- Powerful 4 HP Continuous Duty AC Motor – 110 volt
- Ergonomically designed to make exercising more efficient and comfortable
- Stylish, modern and sleek Two-Tone White / Black design with gray accent provides an upscale look and feel to any facility
- Low impact design with cushioning protects joints from injury
- Integrated plastic molded console for durability and security during hard running
- Built in Contact Heart Rate in the handles
- 15" LCD TV screen
- Low Maintenance Melamine Resin Deck – never needs waxing
- Extra Large Running Surface – 24" x 69"
- Firm base frames for improved stability
- Multi-Ply Commercial Belt Habistat Running belt
- Easy Leveling Feet allows for a stable run even on an uneven floor surface

- 0 – 20% Elevation
- Max User Weight: 330 lbs.
- Quick Keys for easy adjustment to default programs, elevation and speed
- Extra Large 10" x 24" Blue LED E-Z Read LED Console
- Function Display - Time, Distance Travelled, Calories Expended, Speed, Pace, Incline %, Pulse, METs
- Dot matrix imitates training condition
- Automatic Shut Off cord for safety
- 13 Programs including 2 Heart Rate Programs
- Entertainment Plug In - MP3 Interface and USB / SD Card Player
- 8 Instant Buttons for Speed and Incline %
- Integrated Contact Heart Rate Bar feedback bar with built in ergonomically positioned heart rate grips
- Automatic tightening and oil device keeps your treadmill in outstanding working order
- 4 Rubber Moving Wheels for easy transport
- Heavy Gauge High Strength Steel Frame with Never-Rust Aluminum Console Masts
- Speed: 0 – 12 mph
- DIMS: 7'L x 2' 11" W x 4' 9"H WT: 325 lbs. 11 oz.

### **Impact Fitness Equipment TH9550D Full Commercial Elliptical**

The Impact Fitness Equipment TH9950D Commercial Elliptical makes your facility stand apart from the rest with features like modern styling, ultra-smooth dual action

upper body cardio arms and a brushless, maintenance free electromagnetic generator system that offers smooth operation and an extra-low starting resistance

Product Specifications are below

## **Impact Fitness Equipment TH9550D Full Commercial Elliptical**

Product Specifications:

- Durable, quiet, energy saving Self-Generated Design requires no external power supply or trip hazard
- Ergonomic elliptical-track system provides more comfort, easiness, natural movement with effect
- Stylish modern Two-Tone White / Black Design provides an upscale look and feel to any facility
- Exclusive Entertainment Plug-In - MP3 Interface and USB / SD Card Player
- User-friendly built-in cable outlet for easy access of cable and AV wiring connection
- Brushless, maintenance-free electromagnetic generating system offers smooth operation and an extra-low starting resistance
- Entertainment Plug In - MP3 Interface and USB / SD Card Player
- Durable power-coating finish on extra-heavy gauge welded steel will look great for years and is also very easy to clean
- Electronically controlled magnetic brake
- High speed circulation fan
- All molded plastic parts possess outstanding color quality far better than those of paint effect can achieve
- Two sets of handles allow for varied training programs
- Ultra-smooth, dual-action upper body cardio arms eliminates harsh impact rebound on knees or ankles while in use, greatly reducing cause of injury
- Extra Large, easy to read LED display for Time, Distance, Calories, Weight, Speed, RPM, Level, Laps, Pulse, Age
- Simple program buttons allow the user to change programs on the fly
- 8 x 20 Dot Matrix
- Heart Rate with Wireless Chest Strap
- Firm base frames for improved stability during training sessions

- 10 Built-In Programs with Easy Function (numerals 0 - 9) Buttons
- Display exercise mode and status diagram of curves
- Computer controlled magnetic induction resistance
- 40 Resistance Levels
- Easy Transport Wheels
- Maximum User Weight: 330 lbs.
- Ergonomic, Function-Integrated Handle Bar design provides a more comfortable exercise
- Pre-set programs : 5 / User Defined Programs : 2 / Heart Rate Programs : 2
- Open ended, extra large, non-skid pedals
- DIMS: 6'8"L x 2'W x 5'7"H WT: 203 lbs.

### **Impact Fitness Equipment TH9550U Full Commercial Upright Bike**

Sleek, modern and highly functional, the Impact Fitness Equipment TH9550U Upright Bike is designed for those seeking a realistic cycling experience and is perfect for long distance sessions

## **Impact Fitness Equipment TH9550U Full Commercial Upright Bike**

### Product Specifications:

- Step-Through Design allows for ease of use and safety
- Durable, quiet, energy saving Self-Generated Design requires no external power supply or trip hazard
- Stylish, sleek, contemporary Two-Tone White / Black design will set your facility apart from the masses
- Exclusive Entertainment Plug-In - MP3 Interface and USB / SD Card Player
- User-friendly built-in cable outlet for easy access of cable and AV wiring connection
- Low-watt starting workload is ideal for beginning, rehab, or de-conditioned users
- Exclusive handle bar offers a soft and ergonomic elbow support that provides maximum comfort in the race position
- Constant wireless heart rate can be monitored using the hand sensors
- Ultra Quiet Poly V-Belt Drive System
- Cutaway saddle nose allows users to workout longer without experiencing numbness
- 10 Built-In Programs - 5 Pre-Set Programs, 2 User Defined Programs, 2 Heart Rate Programs
- Simple program buttons allow the user to change programs on the fly
- Extra Large LED Display allows users to quickly and efficiently monitor their workout
- Max User Weight – 330 lbs.
- All molded plastic parts possess outstanding color quality far better than those of paint effect can achieve
- Self-skinned foam saddle provides the maximum in durability and comfort
- Function Display – Bright 8 x 20 dot matrix LED Display shows Time, Distance Travelled, Calories Expended, Speed, Weight, RPM, Level, Laps, Pulse, Age.
- Easy-Function Buttons (numerals 0 - 9)
- Ergonomic, function-integrated handle bar design for more comfort exercise
- Water bottle holder
- Easy Seat Adjustment to accommodate various users
- Oversized Non-Slip Safety Pedals
- 40 Resistance Levels
- Firm base frames for improved stability during training sessions

- Durable power-coating finish on extra-heavy gauge welded steel will look great for years and is also very easy to clean
- Computer controlled magnetic induction resistance
- High Speed Circulation Fan
- DIMS: 3'7"L x 1'10"W x 4' 6"H Wt: 108 lbs.

### **Impact Fitness Equipment TH9550R Full Commercial Recumbent Bike**

The stylish Impact Fitness Equipment TH9550R Recumbent Bike offers an easy entry/exit Walk-Thru design and an angled adjustment seat to make indoor exercise cycling a comfortable ride

Product Specifications are below

## **Impact Fitness Equipment TH9550R Full Commercial Recumbent Bike**

### Product Specifications:

- Step-Through Design allows for ease of use and safety
- Durable, quiet, energy saving Self-Generated Design requires no external power supply or trip hazard
- Exclusive Entertainment Plug-In - MP3 Interface and USB / SD Card Player
- User-friendly built-in cable outlet for easy access of cable and AV wiring connection
- Low-watt starting workload is ideal for beginning, rehab, or de-conditioned users
- Ergonomic alignment between seat and handlebars positions users for a safe and comfortable pedaling experience
- Ultra Quiet Poly V-Belt Drive System
- Fully padded shaped back and lower seat for superior lumbar comfort during exercise
- Seat adjusts on incline to properly position users according to their size
- Stylish modern Two-Tone White / Black design provides an upscale look and feel to any facility

- Computer controlled magnetic induction resistance
- High Speed Circulation Fan
- Firm base frames for improved stability during training sessions
- DIMS: 4'3"L x 2'8"W x 4'H Wt: 138

### **Triumph Series TH9947 Counter Balanced Smith Machine**

- 7 degree Bar Angle follows the natural free weight path of movement for pressing or squatting
- Counter Balanced bar offsets weight to accommodate beginners, seniors and others
- Large, open, walk-in frame design allows for easy use for exercises with a bench
- Wheelchair Accessible Design
- 1,000 lb. tensile strength Olympic Bar
- Precision Cut Bar Take-Offs allow for a wide variety of starting heights
- Fully Enclosed Linear Bearings provides smooth bar movement
- Hidden Counterweight eliminates the need for shrouds and gives a modern clean look
- Heavy Duty Adjustable Safeties with rubber grip handles
- DIMS: 7'L x 5'W x 7.5'H

### **Triumph Series TH9953 Adjustable Bench**

- 9 Adjustment Angles from 0 to 85 degrees
- Auto Adjusting Seat
- Contoured Back Pad
- Handle and wheels for easy transport
- DIMS: 5'L x 2'W x 4'H

### **Triumph Series TH9928 Assisted Chin / Dip**

- Multi-Positioned Handles for varied grip workouts
- Platform travels on linear bearings system for smoother, quieter operation and longer life
- Fold-Away dense upholstered Knee Platform allows for assisted or unassisted exercising
- Large Step-Ups provide easy access to machine
- DIMS: 4.5'L x 3.5'W x 7.5'H

### **Triumph Series TH9972 45% Hyperextension**

- Low foot position provides a safe entry / exit
- Support Pads and Stabilization Handles adjust to individual flexibility
- 6 height adjustments
- Assister handles
- Split pad design for maximum comfort
- DIMS: 4'L x 2'W x 2'H

### **Triumph Series TH9929 Rotary Torso**

- Hip Flexed position provides optimal stabilization and correct spinal alignment
- Oversized Foot Platforms provide excellent stabilization
- 12 Starting Positions provided every 18 degrees in each direction
- 4 Hand Grips allow for proper placement and individual comfort throughout exercise
- Dense Cushioned Thigh Pads supply the ultimate in comfort
- DIMS: 4'L x 3.5'W x 5.5'H

### **Triumph Series TH9924 Seated Row with Chest Pad**

- Independent Arms allow for single arm or dual arm training
- Diverging movement provides a natural path of motion
- Unique U-shaped dual position hand grips provide greater training variety
- Angled Adjustable Seat positions user properly to adjustable chest support pad
- DIMS: 4'L x 4'W x 5.5'H

### **Triumph Series TH9920 Lat Pulldown**

- Forward aligned pulley encourages correct form
- Adjustable thigh hold down pads securely position users of various sizes
- Lat Bar holder holds bar securely in place when machine is not in use
- DIMS: 4.5'L x 4'W x 7'H

### **Triumph Series TH9925 Low Row**

- Large Foot Plate permits a variety of foot positions
- Oversized Seat Pad
- Space saving design
- DIMS: 6'L x 3.5'W x 6'H

### **Triumph Series TH9911 Bicep Curl**

- Angled Arm Pad fully supports the upper arm to eliminate unwanted shoulder movement
- Cambered Handle provides multiple positions to target the biceps at various points
- Ergonomically positioned handles
- Angled Seat aligns user properly to arm pad for a safer workout
- DIMS: 4'L x 3.5'W x 5.5'H

### **Triumph Series TH9930 Tricep Extension**

- Input Arm adjusts automatically to accommodate different forearm lengths
- Half-Round Angled Back Support Pad allows for superior torso stability and comfort
- Angled Arm Pad fully supports the upper arm to eliminate unwanted shoulder movement
- Angled Seat aligns user properly to arm pad for a safer workout
- DIMS: 5'L x 3.5'W x 7.5'H

### **Triumph Series TH99213 Shoulder Press**

- Independent Converging movement provides a natural path of motion and alleviates joint stress
- Counterbalanced Pressing Arm for optimized starting resistance
- Dual Pivot design provides a natural path of motion
- Ergonomically angled Dual Hand Grip design provide a barbell grip as well as a neutral grip favorable for individuals with compromised shoulders
- Slightly angled pads align user's body for a comfortable, proper workout
- Separate Head Pad saves on replacement cost
- DIMS: 5'L x 3.5'W x 5.5'H

### **Triumph Series TH9910G Pec Deck / Rear Delt**

- Floating Inputs adjust for varied arm lengths
- Multiple start positions adjust quickly and easily to suit user's level of difficulty
- Ergonomically positioned handles
- Angled user position for enhanced comfort and stabilization
- Slightly angled pads align user's body for a comfortable, proper workout
- DIMS: 4.5'L x 4'W x 6'H

### **Triumph Series TH9923 Chest Press**

- Dual Pivot design provides a natural path of motion
- Ergonomically positioned dual hand grips provide a barbell grip to emphasize pectoral development or a vertical grip to emphasize the anterior deltoid
- Slightly angled pads align user's body for a comfortable, proper workout
- Foot Assist Lever provides pre-stretch for full range of motion
- Separate Head Pad saves on replacement cost
- DIMS: 5'L x 4.5'W x 5.5'H

### **Triumph Series TH9919 Leg Press**

- Adjustable to either a Seated OR a Horizontal Leg press position
- Large Rubber Footplate with steel backing permits a wide variety of foot positions for different exercises including calf training
- Convenient Control Pin easily adjusts trolley for various starting positions
- Smooth-Glide Linear Bearings on large steel shafting provide a quiet, smooth exercise motion
- Separate Offset Head Pad aligns users neck properly
- Ergonomically positioned hand grips allow user to maintain proper positioning throughout workout
- DIMS: 6.5'L x 4'W x 6'H

### **Triumph Series TH9917 Leg Extension**

- 5 Position Back Pad is angled at the correct 95 degree position for proper ergonomic function and user comfort
- Back Pad is easily adjusted from the seated position
- Correct 20 degree Angled Seat Pad position for proper ergonomic function and user comfort
- 5 position starting Range of Motion (ROM) limiter allows user to choose the best position for their individual level
- Self-Adjusting Ankle Pad eliminates the need for an adjustment while providing proper support throughout the entire range of motion
- Ergonomically located handles for proper alignment during exercise
- Separate Head Pad saves on replacement costs
- DIMS: 4'L x 3.5'W x 5.5'H

### **Triumph Series TH9921 Seated Leg Curl**

- 5 Position Back Pad is angled at the correct 95 degree position for proper ergonomic function and user comfort
- Back Pad is easily adjusted from the seated position
- Correct 20 degree Angled Seat Pad position for proper ergonomic function and user comfort
- 5 position starting Range of Motion (ROM) limiter allows user to choose the best position for their individual level
- 6 Position Contoured Thigh Pad adjustment for proper ergonomics and comfort
- Self-Adjusting Ankle Pad eliminates the need for an an adjustment while providing proper support throughout the entire range of motion
- Ergonomically located handles for proper alignment during exercise
- Separate Head Pad saves on replacement costs
- DIMS: 5'L x 3.5'W x 5'H

### **Triumph Series TH9900 5-Stack Jungle Gym**

- Adjustable Pulley Cable Crossover with 17 adjustment positions per column
- Lat Pulldown Station with thigh hold down pads
- Seated Low Row Station with angled seat pad and diamond foot plate
- Tricep Pressdown Station
- (2) Built-In Chin Up Stations – one with lat style bar grip / one with narrow grip
- DIMS: 14'L x 11'W x 7.5'H

## Triumph Series TH9940 Flat Bench

- Wide Stable Base Design lets you lift with confidence
- Separate Head Pad saves on replacement cost
- DIMS: 5'L x 2'W x 1.5'H

## Triumph Series TH9934 Single Adjustable Cable Column

- Dual-Action Adjustable Swivel Pulleys provide a dumbbell style functional training workout experience
- Multiple start positions allow for a wide array of exercises in a small area
- Fully Adjustable machine
- DIMS: 3'L x 3'W x 7.5'H

### **Triumph Series TH9926 Multi-Hip**

- Large Rubber Plate Platform with steel backing with gas spring assist elevation mechanism properly positions user to align to roller pad
- Easy-Adjust Platform adjusts on linear bearings
- Multiple start positions provides a wide variety of exercises
- Counterbalanced Pendulum Arm with fully adjustable roller pad to accommodate various user heights
- Oversized Dual Handrails provide balance and support
- DIMS: 4'L x 3'W x 6'H

### **Triumph Series TH9927 Inner / Outer Thigh**

- Dual Functionality of Hip Abduction and Hip Adduction saves on valuable floor space
- Forward facing enclosed weight stack serves as a privacy shield
- Dual Foot Bars accommodate a wide range of user heights
- Conveniently located lever adjustment arm for Range of Motion (ROM) and start positions for both abduction and adduction exercises
- Ergonomically located handles for proper alignment during exercise
- Separate Head Pad saves on replacement costs
- Angled back Pad provides comfort throughout workout
- DIMS: 5'L x 5'W x 5.5'H

### **Triumph Series TH9942 Olympic Flat Bench**

- Precision Laser Cut high resistant bar holders protect frame finish
- 3 Bar Take-Off Levels
- Recessed Design allows for a spotter to stand within the framework
- Integrated Weight Storage system
- Separate Head Pad saves on replacement cost
- DIMS: 7'L x 4'W x 4'H

### **Triumph Series TH9943 Olympic Incline Bench**

- Seat adjusts to accommodate various user heights
- Foot Support securely positions user for maximum performance during exercise movement
- Precision Laser Cut high resistant bar holders protect frame finish
- Separate Head Pad saves on replacement cost
- 3 Bar Take-Off Levels
- Integrated Weight Storage system
- Built-In Spotter Platform
- DIMS: 6.5'L x 4'W x 4'H

### **Triumph Series TH9944 Olympic Decline Bench**

- Special Design has 5 easy Length Adjustments to accommodate various user heights
- Precision Laser Cut high resistant bar holders protect frame finish
- Built-in handle for proper body alignment at starting position
- Separate Head Pad saves on replacement cost
- 3 Bar Take-Off Levels
- Integrated Weight Storage system
- Recessed Design allows for a spotter to stand within the framework
- DIMS: 6.5'L x 4'W x 4'H

### **Triumph Series TH9945 Seated Calf**

- Adjustable Thigh Support Device accommodates various user sizes
- Conveniently located Vertical Holder / Release bar with rubber handle
- Extremely smooth, quiet pivoting movement
- Contoured Knee Pads for superior comfort even while using heavy weights
- 6 height adjustments
- Angled handles position user's hands properly throughout exercise
- Diamond plate foot rest
- DIMS: 4.5'L x 2'W x 3'H

### Triumph Series TH9941 Seated Arm Curl

- Enhanced Arm Pad angle for maximum extension as preferred by professional bodybuilders
- 7 seat height adjustments to accurately position user's arms on pad
- Precision Cut Bar Holders
- Angled Adjustable Seat positions aligns user precisely
- DIMS: 3'L x 3'W x 3'H

### Troy TSD-U Urethane Dumbbell Set

- 12 sided Head

- Premium Urethane Encased
- 34 mm Hard-chrome straight steel handle

### **Troy DR-10 Dumbbell Rack**

- Rugged 3" x 2" frame
- Scratch resistant, powder-coated finish
- Anatomically angled tiers for easy access
- Durable plastic saddles help protect dumbbells and reduce noise
